Reviewers and Editors Appreciation 2017

By Octavia A. Dobre, *Editor-in-Chief*

On behalf of the Editorial Board, I would like to thank all our reviewers for their effort and dedication. As has already become customary, at the beginning of each year we recognize reviewers for their sustained and outstanding review contributions. The list of 2017 exemplary reviewers is provided below. We have a record of 145 exemplary reviewers.

This year we also recognize our editors for their outstanding service in terms of timely decisions and constructive feedback provided to authors. Our exemplary editors represent approximately 10% of the editorial team; their names are listed below.

OCTAVIA A. DOBRE

Let us congratulate both reviewers and editors for their exceptional service in 2017!

The high quality of the IEEE COMMUNICATIONS LETTERS would not be possible without the invaluable support of reviewers, editors and authors. Thank you all for your great contributions during 2017!

As we are beginning a New Year, I would like to end this editorial note by wishing all our readers, authors, reviewers and editors a happy, healthy and prosperous New Year!

Exemplary Reviewers 2017
